INTRODUCING DEDICATED SERVICES
SMART SOLUTIONS - SAVING YOU TIME AND MONEY

www.nzcouriers.co.nz

A DEDICATED SERVICE PROVIDES A PERSONAL COURIER, WHO UNDERSTANDS YOU AND YOUR BUSINESS.

DEDICATED SERVICES ARE COURIER SOLUTIONS THAT GO BEYOND A STANDARD PICK-UP AND DELIVERY. EACH SERVICE IS TAILOR-MADE TO YOUR SPECIFIC REQUIREMENTS. WHETHER IT'S RETRIEVING MAIL FROM YOUR POST-BOX EACH DAY OR A COMPLETELY CUSTOMISED CROSS-COUNTRY SERVICE – OUR COST EFFICIENT SOLUTIONS MAKE DOING BUSINESS EASIER.

BENEFITS OF A DEDICATED SERVICE

A service tailor-made to your requirements.

Take advantage of a regular customised courier service instead of wasting time and money on individual pick-ups and deliveries. With a Dedicated Service you set the schedule and the location of your pick-ups and delivery and we'll organise a regular, personalised service that suits your exact requirements and expectations. No job is too big or too small.

Reliable pick-ups and deliveries.

You can be confident that your pick-ups and deliveries will happen at the agreed time. Staff can work around the routine of expecting a courier at the same time each day. Once everything is set in place, the service just happens – there's no need to worry about courier tickets or bookings.

Cost efficiency.

Don't waste time and wages sending staff for the mail, our Dedicated Services provide cost advantages. The MailLink Service removes staff responsibility for mail collection and so saves the business valuable time and staff wages. A BranchLink Service or a Customised Solution removes irregular, or one-off pick-ups and deliveries, and provides a consistent service that streamlines costs and your business processes.

Track your contract bag.

Our Dedicated Services contract bags are labelled with the latest in 2D barcode technology so it can be tracked via our website or by calling 0800 800 841.

THE BENEFITS OF A DEDICATED SERVICE

OUR THREE SMART SOLUTIONS

Mail link.

You can rely on our rapid, and efficient MailLink service to collect mail from your PO Box or DX Box and deliver it to your business. We will also pick up mail from your office and lodge it with NZ Post or NZDX. It's easy, smart and starting at under \$4 a day, an extremely cost effective solution that saves you time, money and parking hassles daily.

How it works.

- Select your schedule: frequency, time and days
- Give your courier your box keys
- We will send you a dedicated mailbag
- Pay just a fixed monthly rate

Branch link.

BranchLink creates a courier circuit for inter-office mail. The service will pass through the sites you specify, such as branch offices, customers or suppliers at the same time everyday. If you have a small amount of inter-branch mail, we also offer a very cost-effective DX Overnight solution that may suit your requirements.

How it works.

- Select your schedule: your pick up and delivery times
- We will send you a dedicated mailbag
- Pay just a fixed monthly rate

Customised Solutions.

A Customised Solution is precisely tailored to your needs. It covers virtually anything a courier could conceivably do and incorporates services such as dedicated couriers and back-up teams, and customised line-haul arrangements and personalised schedules. We have the size, track-record and experience to provide a cost effective and reliable solution, that gives you a competitive edge.

How it works.

Simply call your local New Zealand Couriers branch. We will work in consultation with you and all our departments to devise a strategic, and sophisticated solution.

Any of these services can be adjusted if your business changes, or for seasonal requirements.
